

# CONNECTICUT SCIENCE CENTER

## WINTER VACATION EXPLORATION CAMPS

Programs for  
Ages 6 – 12

WEDNESDAY  
DEC 27

### Jedi Training Academy

Have what it takes to be a Jedi Master, do you? Enroll in our Jedi Training Academy and use the force to rise through the ranks of the Jedi. When we get back to Earth, we will visit our newest traveling exhibit Alien Worlds and Androids. Is the force with you?

THURSDAY  
DEC 28

### Butterfly Encounter

Meet the newest resident insects at the Connecticut Science Center: Tropical Butterflies! Escape the winter cold and enter into our tropical oasis while you explore our newest exhibit: Butterfly Encounter. Discover how these butterflies and other insects are specially adapted to survive their unique environment.

FRIDAY  
DEC 29

### Roller Coaster Mania

Strap in for a wild ride on the coaster of your dreams! Your mind is the limit as we build real and virtual roller coasters filled with loops, turns, twists, and excitement every step of the way. Then, experience a simulated roller coaster creation in our 360-degree Dome room! This camp is on-track to be one crazy ride.

MONDAY  
JAN 15

### Ninjago

Become a spinjitsu master as you investigate the elements of earth, ice, fire, and lightning. Test your flexibility as you dip, dive, and dodge through a laser maze! And work with other fellow ninjas to build the skills necessary to defeat the evil Lord Garmadon and achieve true Ninjago status.

MONDAY  
FEB 19

### Slow Mo

Get ready to take things down a few notches and slow down as we experiment with all things sluggish! We will work together to uncover the mysteries that our eyes cannot see as we investigate the science of speed, in slow motion, to reveal what is really happening.

TUESDAY  
FEB 20

### Blown Away

Hold on tight as we discover the power of air! You will be blown away at the power and force that air and wind can create. Complete challenges and find ways to make this invisible matter work for you as we experiment with air pressure, fly hovercrafts, and sail cars that glide around. It is going to be a gas!

### SCHEDULE & OPTIONS

Drop off: 8–8:45AM

Pick up: 3:30–4PM

After hours\*: 4–5PM

\*Optional after-hours child care available for  
\$15 per day, per child / \$10 for Members
