at the Connecticut Science Center

Welcome to Corporate Rewards at the Connecticut Science Center

Invest in the region's foremost science, technology, engineering, and math (STEM) learning destination and reward your employees with great benefits. From company family days to at-home content to adult events, there is something for every employee to enjoy. Not only will your employees save, you will demonstrate your company's commitment to sustaining the Connecticut Science Center's vibrant exhibits and programs.

*Join today and align your company with
Connecticut's foremost informal STEM
learning destination, serving you,
your employees, and the future
workforce of our region.*

New Benefit

SCIENCE@
HOME
Activity Kit

Bring the Connecticut Science Center home with *Science@Home*, a virtual after school program including a box of engaging science activities, interactive live sessions with STEM Educators, and fun surprises. Convenient pick up and shipping options available. Recommended for ages 6-12.

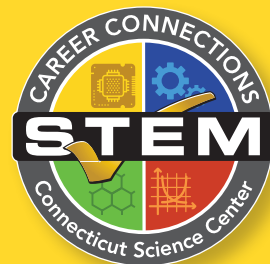

Employee Engagement Opportunities

The Connecticut Science Center is dedicated to connecting Connecticut's youth with STEM career possibilities in our state and meeting the region's workforce demands of today and the future. Through STEM Career Showcases, Career Connections, Women in Science programming, and more, we connect tomorrow's future leaders to companies like yours with enriching employee engagement opportunities.

Events for Adults

In pursuit of the Connecticut Science Center's commitment to lifelong learning, these adult-oriented science discussions present and foster dialogue on complex, timely issues such as health disparities, race and science research, and more. Straight Talk, Science Straight Up, and Liquid Lounge events feature interactive presentations, esteemed panelists, and subject matter experts.

**For dates and descriptions of upcoming
adult programs, visit CTScienceCenter.org**
